LOYALTY BONUS

Monthly payment

Making your monthly purchases has its rewards.

Every consecutive month that you remain active with your monthly consumption, you will be granted a credit. This bonus is calculated based on the purchase points you make monthly. For example, during your second month, when you purchase 100 PV, you will generate 10% or the equivalent of \$10.00 usd in credit to buy more product.

You can accumulate these credits for as long as you want and redeem them whenever you choose.

NOTE: These credits DO NOT generate commissions.
If you fail to purchase your minimum personal consumption, you lose continuity.

CONTINUOUS MONTHLY PURCHASES	PERCENTAGE OF CREDIT GIVEN
2nd and 3rd month	10% of PV in credit
4th to 8th month	20% of PV in credit
9th month onwards	30% of PV in credit

REQUIREMENTS: Be active purchasing a minimum of 50 PV. Failing to make a purchase for a month will result in the bonus continuity being lost and reset. The amount to be used for orders with wallet will be 80% of the order value, paying the remaining 20% with any payment method.

REQUIREMENTS: Have an anual membership.

DIRECT SALE

Weekly payment

EARN FROM 50% TO 100% ON THE SALE OF YOUR PRODUCTS.

The key to a successful business is to create a consistent income through retail product sales.

As an affiliate of Vital Health, you receive a discounted price that allows you to sell products and earn between 50% and 100% profit based on the product cost. For example, if you buy a V-TEDETOX for \$8.50 USD, you can sell it for \$17.00 USD, generating a 100% profit.

NOTE: A 5% processing fee will be charged on the profit generated by this bonus. If \$100.00 USD is generated between preferred customer price and retail customer, \$5.00 USD will be deducted and \$95.00 USD will be paid.

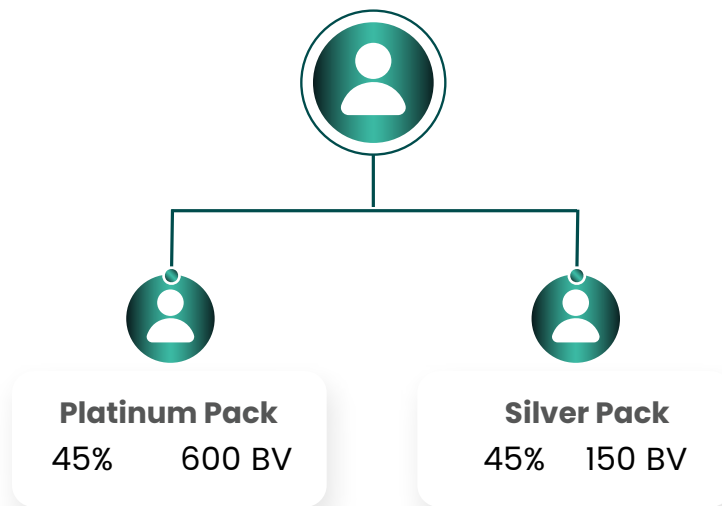

REQUIREMENT: Have a anual membership.

FIRST ORDER BONUS

When you register a new preferred customer, you will earn from 45% to 80% of the Binary Volume (BV) of their starter packs.

These percentages depend on the content of the starter package. 45% corresponds to packages with capsules, while 80% corresponds to Coffee-Tea and Tea packages.

PACKS	POINTS	COMMISSION
BRONZE	100 BV	\$45 USD TO \$80 USD
SILVER	150 BV	\$67.5 USD TO \$120 USD
GOLD	300 BV	\$135 USD TO \$240 USD
PLATINUM	600 BV	\$270 USD TO \$480 USD

45% of 750 BV = **\$337.50 USD**

CAR BONUS

Choose the car model you like the most, and we will pay for it.

We offer one of the fastest and simplest car bonuses in the network marketing industry, with two ways to qualify for the car:

CAR BONUS PREMIUM

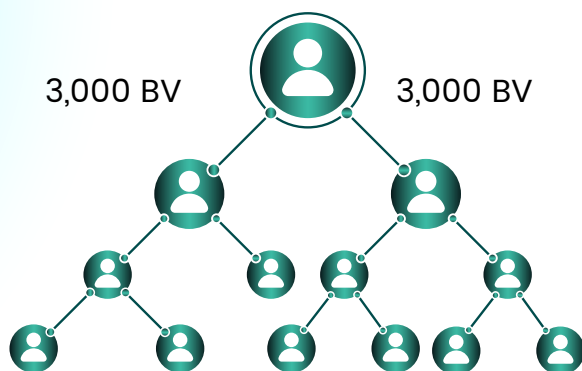

Monthly payment

By generating a minimum of 3,000 BV on both sides of your binary structure in a calendar month, you can earn up to \$300 USD for your car payment.

In the event you choose not to have your car paid for by Vital Health, you can choose between \$500 USD in product credit or \$150 USD in cash.

NOTE: This bonus is paid monthly, as long as 3,000 BV are generated in the same month in the weaker leg. Points for this bonus will be tracked, and each month the volume in the weaker leg will reset.

\$300 USD
PER MONTH

Requirements:

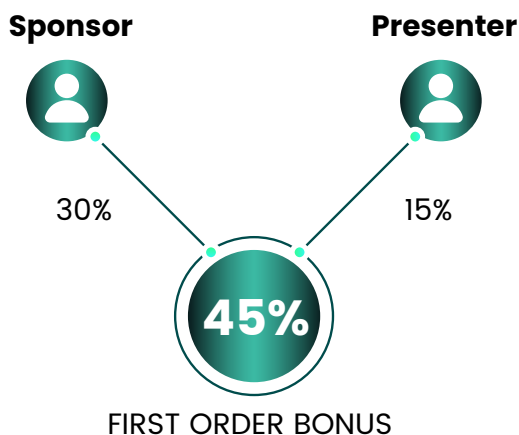

- The vehicle model must be 5 years or newer
- Be active / 100 PV
- Activate binary

PRESENTER BONUS

Weekly payment

When registering a new preferred affiliate, the system will ask if someone supported you with the presentation. If so, by entering the presenter's information in the corresponding box, the system will distribute 45% or 80% of the quick start bonus as follows:

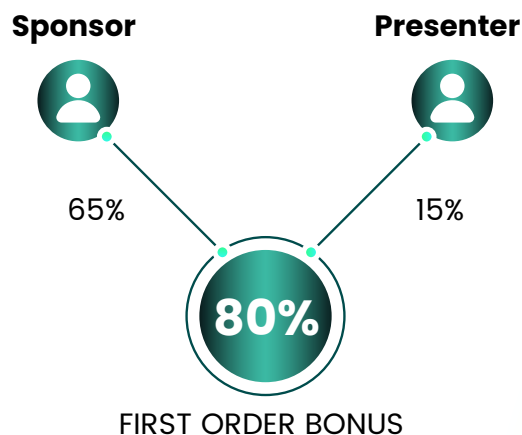

30%

Will be paid to the sponsor

15%

Will be paid to the presenter

65%

Will be paid to the sponsor

15%

Will be paid to the presenter

REQUIREMENTS: Be active.
Qualify as Silver rank or higher.

BINARY BONUS

Monthly payment

The purchases of starter packs by new preferred customers are paid out in a structure called binary. This means you have only 2 options to position your new customers. You have the option to place them on the left side or on the right side, each of which has a position available on the left and another on the right successively.

When you register a new preferred customer, this person will take the next available space, or the one you designate, in any vacant space in your binary structure. This way, you can have spill-over of preferred customers from the people in your support team, and at the same time, you can place preferred customers in your team's organization, generating synergy.

EARN UP TO 20% OF THE SMALLER LEG

This binary is one of the most aggressive in the network marketing industry. Our binary is volume-based, not rank-based. This means that the system will take all accumulated points (BV) during the commission week from your left and right sides to unlimited depth levels. It will compare the scores of both sides in each weekly commission period and pay you a percentage based on the lesser leg, depending on your active rank or the percentage of your starter pack.

The percentages are calculated as follows:

Bronze	10% or purchasing a Bronze package
Silver	12% or purchasing a Silver package
Gold	13% or purchasing a Gold package
Platinum	15% or purchasing a Platinum package
Diamond and above	20%

The starter pack contain the following commissionable points paid in the binary structure called BV (Binary Volume).

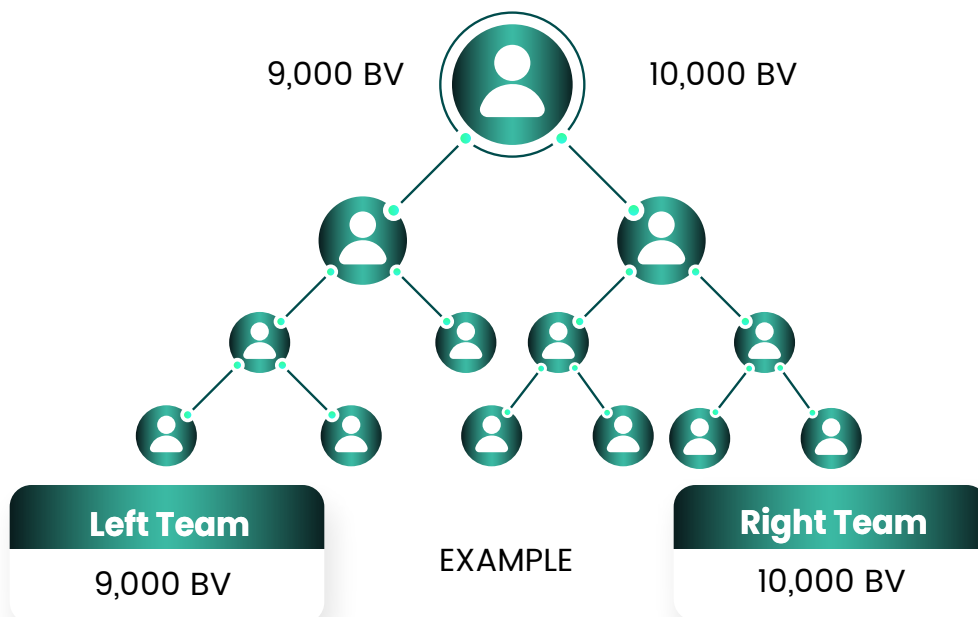

PACKAGE	POINTS
Bronze	100 BV
Silver	150 BV
Gold	300 BV
Platinum	600 BV

Let's say in one week you accumulated 300 BV on the left side and 200 BV on the right side, the system will pay you the percentage you qualify for and calculate the bonus based on 200 BV. Since only 200 BV were used, 100 BV will remain accumulated on your left side to be used in the following weeks.

If you purchased the Gold pack or qualified for the Gold rank in the month, your commission would be 13% of 200 BV, which is \$26 USD.

The advantage of our compensation plan is that unused points will accumulate, as long as you remain active, allowing you to accumulate up to 500,000 BV on one side.

This bonus pays you up to \$25,000 USD per week.

PAY: 9,000 X 15% = \$1,350 USD

(1000 pts leftover accumulate the following week)

*You can leverage your team.

REQUIREMENTS: Be active.
Activate your binary.

MATCHING BONUS

A hybrid-binary plan means it also has a unilevel aspect. When you qualify for the Silver rank, the system will pay you 50% of the binary commissions earned by each of your personal referrals. This matching bonus has no limit, allowing you to have an unlimited number of personal affiliates from which you will generate earnings.

UNILEVEL BONUS

Monthly

Starting from the second purchase of each customer and affiliate of Vital Health, CV points (Commissionable Volume) are generated, which are paid using a unilevel structure. This structure allows you to generate considerable residual income with a small team and create wealth through generational bonuses.

When you refer an active preferred customer and/or affiliate, you receive 10% of the CV from your first level.

When you refer a second active customer, you receive a 10% monthly commission from all the preferred customers and/or affiliates on your second level.

When you refer a third active preferred customer and/or affiliate, you reach the Bronze rank and earn 20% from all the preferred customers and/or affiliates on your third level.

Our unilevel system operates with dynamic compression. This means that if an affiliate in any of your first three levels is not active but has someone active underneath, the system finds the next active affiliate in depth and counts them as the next level.

Maintaining the concept of minimizing qualifications, the unilevel structure will pay commissions based on the purchase and sales volume of your entire team. The payment percentages are described in the following table:

RANK ADVANCEMENT

Rank advancements in Vital Health reflect the individual leadership of each affiliate. Our ranks are based on volume and not on maintaining a defined structure. This way, we maintain the concept of simplicity, and affiliates can generate the income they desire without being conditioned by ranks in their teams.

To advance in rank, Active Enrolled Affiliates (AEA) and volume in at least 2 lines in your organization are necessary. The system will take all NEW qualifying volume (QV) generated during a calendar month and determine the rank at the end of each month.

The system will take the volume generated under each of your personal enrollees in your unilevel genealogy, and the volume of the larger leg will be determined to meet the 70/30 or 60/40 requirement.

The qualification volume (QV) needed to advance in rank will be based on the following table:
